

COAL MINERS STRIKE 100 PER CENT EFFICIENT SAY MINERS

Quite a Few Industries Felling the Effect of no Coal Production

The Government is Hopeful of Bringing the Strike to a Speedy Close

(By United Press)

Union officials generally claim that the coal strike is 100 per cent effective.

Reports from important districts according to the miners leaders show no decrease in the number of men out Saturday. The operators had counted on a large number returning today. They believed a number who failed to report Saturday were obeying religious rules and did not intend to strike.

A number of operators refused to make any estimate today on the number of strikers in their respective districts.

A sharp alignment appeared to be drawn between union and non-union miners and indications were despite union officials claims, practically all non-union men were at work.

Government officials continue to watch for any radical tendencies on the part of the strikers but no disorder has been reported.

Lewis Refuses to Discuss Strike

Springfield, Ill., Nov. 3.—John L. Lewis was enroute to Indianapolis after a brief stay here Sunday. Lewis refused point blank to discuss the strike or the rumors that Samuel Gompers had offered his good offices to bring a settlement.

Miners were told Lewis had left for Washington.

Coal Situation as Viewed at Miner's Headquarters

J. L. O'SULLIVAN, (United Press Staff Correspondent.) Indianapolis, Ind., Nov. 3.—Striking coal miners, mine operators and the government today stood pat while the public watched their coal pile steadily diminish.

Miners believe the coal production was reduced 50% by the strike. It was learned today. Mine operators said these figures were high but said they did not have complete data.

The strike was expected to take a definite form today. Many miners take a holiday on Saturday and the mines are not in operation on Sunday so many of the men did not strike but remained away for a holiday and would return to work today.

The shortage of coal it is believed has begun to be felt by many industries. Reports from South Bend state that the Oliver Plow Works and other concerns are suffering from a shortage. Washington officials declare that industries will be forced to shut down if the coal is not forthcoming.

Miner's attorneys today gathered to frame an answer to the government's petition for the temporary injunction and court order that union leaders withdraw the strike order. E. Kerr, attorney for the Illinois district of miners and Harold Henderson of Terre Haute, counsel for miners in district 11 conferred with H. Warrum, the miner's head attorney. Other lawyers were expected to arrive in the present union case. Warrum refused to make any statement regarding what other attorneys had been called in. Miner's headquarters were deserted over Sunday.

No further petition for restriction orders in other United States district courts were planned by federal representatives here. The government is known to feel satisfied that the present restriction order covers the ground and that nothing further can be done in a legal way until next Saturday at the court hearing.

Operators Propose Settlement

Edward Stewart, President of the eleventh district of mine works, embracing the Indiana fields was approached by groups of Indiana operators with a program for settlement. Stewart substantiated these reports

but no definite information could be obtained.

Phil Penna, secretary and treasurer of the Indiana Operators Association called on Stewart and proposed going to Washington with them and present their demand to Secretary of Labor Wilson. These operators informed Stewart they were willing to go at once. Stewart made no definite answer and refused to give the names of the operators who had called on him.

Shipping Board Operations Crippled

Washington, Nov. 3.—Operations were temporarily suspended by the shipping board because of the coal strike today with the exception of 25 ships partly loaded. No cargo of coal will leave this country at present it was announced.

Want President to Take Mines

A resolution authorizing the president to take over and operate coal mines was introduced by Rep. Burke and asked that the government continue to do so for one year or as long as the president deemed it necessary.

Gompers Will Make Effort to Settle Coal Strike

New York, Nov. 3.—Samuel Gompers, president of the American Federation of Labor said here today that he would put forth his best efforts to bring about a settlement of the strike of coal miners.

He refused to state whether he had already taken any steps to help end the strike or discuss his plans.

Anti-Bolshevik Forces Failen Back

London, Nov. 3.—Unofficial dispatches from Helsingfors reported today that troops of the Russian northwestern army had evacuated Gat China Thursday night. Anti-Bolshevik Russian troops under General Yudanitch captured Gat China several weeks ago according to reports. The evacuation was caused by bolshevik counter-offensive the report said.

MICHAEL ALEXANDROVITCH

Former Grand Duke Michael Alexandrovitch, brother of former Emperor Nicholas, who was appointed regent of Russia when the Romanoff dynasty was overthrown and later exiled by bolsheviks, has escaped from the reds with his secretary and a sailor.

Government Figures Show Pay of Miners

Washington, Nov. 1.—The average soft coal hand miner in the United States, the man involved in the strike earns 78.4 cents an hour, according to figures issued today by the bureau of labor statistics.

If he worked full time, with an eight hour day, his yearly earnings would be \$1,940. If he puts in six hours a day, his yearly pay averages \$1,455.

As things are however, the average working day for the craft as a whole runs closer to five hours. This would yield an annual pay of \$1,212.

The bureau has just finished a survey embracing actual payroll records of 40,511 employees in 201 soft coal mines located in 18 of the most important bituminous states. It also includes data on 16,209 anthracite workers in 22 Pennsylvania collieries. All the pay rolls were for a half month period.

From the tables, the following deductions are plucked:

During the half month, hand miners of soft coal worked on an average of 4.7 hours a day. Their available pay for the half month was \$47. This was earned in 60 hours' actual work. If full time of 162 hours had been put in their average, fortnight's pay would have been \$80.

Machine miners average 94.7 cents an hour and worked 5.6 hours a day. Their two weeks' pay averaged \$67.

(Continued on page 6.)

Trapped Miners Write to Rescuers, All are Dead

Scrawled Note Spiked to Post Points Out Death Chamber Where 20 Bodies Lie

Amsterdam, Ohio, Nov. 1.—Sorrow hung like a black veil over this little village of 1,200 tonight.

It was mourning the death of 20 of its men who met death in a Youghiogheny and Ohio company coal mine after a gallant battle for life.

Late today mine rescuers pushed aside the last barrier of debris, penetrated the black, gasfilled mine and halted before a dirty piece of paper spiked to a post.

On it was scrawled the following: "Twenty men are in the room. F. F. C."

Eighteen Huddled in Room

The rescuers tore away a roughly constructed wall of timbers, rocks and coal and found 18 men huddled on the floor. All were dead. Hasty examination indicated they had been dead for about 12 hours. Friday night rescuers found the bodies of the other two. Company officials believed two more were in the mine, but a check of the men showed only 20 missing.

Fire started Wednesday. It was caused by the electrical apparatus of one of the huge fans. More than 250 miners were underground at the time. All but the 20 escaped. Fellow workers, driven on by the appeals of the families of the imprisoned, made desperate efforts to effect a rescue. They were unable to check the fire.

Aided by a state industrial bureau mine car and experts in the employ of the state and a similar car sent from Pittsburgh, the miners controlled the fire and rescue appeared imminent Friday when a cavein occurred, blocking the shaft. A huge pocket of gas formed.

Heroic Efforts Fruitless

A desperate battle against time followed. "It was realized the gas would back up on the men unless an opening was made. Protected by army gas masks, the rescuers worked in shifts, progressing a foot at a time until late Friday night, when the last barrier of earth and rock and coal was cleared.

"Uncle Jimmy" Gray, 73, was found before a temporary wall. He was stricken while building a barrier against the gas. Near him lay the body of another.

Impenetrable clouds of gas held the rescuers from further exploration until late today, when a new shaft lightened the haze of death. The 18 had sought to stave off suffocation with a wall, but the cavein and consequent formation of the gas-pocket sent the deadly vapor back upon them before the barrier could be completed.

They were nearly nude. In the darkness, lighted up only by the safety lamps, they had labored to perfect the partition between death and life and used their clothing to stuff the chinks and crannies.

It is planned to bury all the victims with public ceremony on the same day.

Want to Help Settle Coal Strike

Brotherhood Advisory Board Suggest to Government Officials Appointment of Industrial Commission to Settle Strike (By United Press)

Washington, Nov. 3.—Reports from bituminous miners filed today were expected to show definitely whether the strike will be effective or not.

Under ordinary conditions the full force would be at work today. President Wilson and government officials are expected to take up a proposal of the advisory board of the Brotherhood of Locomotive Engineers which suggest that an industrial commission that is not opposed to collective bargaining, should assemble in Washington at an early date to settle the nation's industrial unrest including the coal strike.

This proposal was made after a conference between leaders of the railroad men and Atty. Gen. Palmer. The union leaders declare they would like to use their influence to help settle the miners strike.

Queen Not Ill

London, Nov. 3.—Reports that Dowager Queen Alexandra is ill has been denied officially.

DR. MARY GORDON

Dr. Mary Gordon of London came to the United States to attend the convention of women physicians. She is an eminent member of the medical profession in England.

Labor Conference Will Discuss the Eight Hour Day

Washington, Nov. 3.—Discussion of the eight hour day and forty-eight hour week will begin late today in the international labor conference following the seating of the German delegates. Samuel Gompers, the first American delegate, was to be seated today.

Delegates representing organized labor will plan today to begin a fight before the credentials committee to bar from voting each nation that sent no labor delegates, but sent government delegates. Under the rules each nation is entitled to four votes, one for labor, one for the employer, and two for the government. The credential committee also is preparing a report on a protest filed with it by organized labor in Japan. Japanese labor condemning the delegate accredited to it as not a fair representative.

Lane Will Bring Matter Before Cabinet

Washington, Nov. 3.—Secretary of the Interior Lane said today that at the next cabinet meeting he will call attention to the proposal of the Brotherhood of Conductors and Engineers for appointment by the government of a commission to deal with the coal strike and the general industrial situation. A weekly meeting of the cabinet is scheduled for tomorrow. Lane said he regarded the proposal as an endorsement of the offer made by President Wilson to the miners who submitted their

DEMOCRATS PROPOSE PROGRAM FOR TREATY CONSIDERATION

Want Thursday Nov. 6th for Date of Final Vote on Treaty Ratification

demand to a commission to be appointed by him.

It is considered likely that the cabinet will recommend to the president that he name such a commission provided the coal strike is first declared ended.

Calling of the new industrial conference was under consideration by President Wilson and other government officials that, it is understood hold the opinion that an industrial code must be drawn up and subscribed to by the workers and employers or many serious strikes will follow the steel and coal walk outs. The situation will become more acute and interference with production more widespread unless some understanding is reached.

The president has been considering calling another industrial conference to make a fresh start. A list of the delegates, it was learned, is partly made up. The proposal of the railroad men gave him an opportunity to act.

World Wide Investigation of Unemployment Question

Washington, Nov. 3.—Appointment of a commission made up of fifteen representatives from as many countries to make a world wide probe of the unemployment question was advocated. The suggestion was made by Viscount DeEza, head of the Spanish delegation in especially providing for the appointment of a commission to consider the prevention of unemployment. No action was taken on the suggestion. It will be considered when the commission provided for in the pending resolution is appointed. The German delegation which was expected to arrive this morning will probably get here tomorrow. The commission adjourned after a brief session until tomorrow at 2:30.

HEIRS OF DIRIGIBLE VICTIMS GET \$70,000

Chicago, Oct. 31.—Heirs of eleven victims of the falling of a dirigible balloon in the business district here today will receive \$70,000 from the owners of the airship. It became known today. Two death claims remain to be settled.

Belgian Rulers Making One Minute Call at White House to Ask About President

Although it had been announced that the King and Queen of the Belgians would not make even an unofficial call at the White House, this exclusive photograph shows that they did. But it was only a minute call. They were received at the private en-

Expect All Amendments to be Voted on Today, Reservations on Thursday

Washington, Nov. 3.—Administration forces today decided to ask for a final vote on the peace treaty on Thursday, November 6. Voting is to be continued under this proposal until the following Saturday at 3 P. M. when if no resolution of ratification had received the necessary two-thirds vote other business might be taken up.

This proposal was drafted at the meeting of the democratic steering committee today and will be put up to republicans in senate at the first opportunity, Senator Hitchcock said.

The tentative agreement offered by Hitchcock has six clauses as follows: The senate to meet each day at 11 o'clock and no senator to speak more than once or longer than fifteen minutes on each pending question.

All amendments to the treaty to be voted on at today session.

Tomorrow and Wednesday to be given over to consideration of reservations.

A vote to be taken on reservations at 3 P. M. Thursday and the treaty thereupon to be reported to the senate by the committee of the whole.

The vote on resolution of ratification embracing such reservations as have been adopted shall take place before adjournment Nov. 6.

If it received the necessary two-thirds vote the president shall be notified.

If it does not receive the required majority Friday and Saturday will be given to consideration of other resolutions of ratification proposed by the minority of the senate foreign relations committee to be voted on not later than 3 P. M. Saturday, Nov. 8.

At 2 P. M. Senator Lodge called up his proposal for unanimous consent to vote on resolutions of ratification Nov. 12.

"I do not insist on that particular date," Lodge explained. "I do insist that any contest shall be in effect on a final vote on the question of ratification."

Lodge argued that committee reservations should be voted on one by one with an opportunity to offer substitutes.

Hitchcock declared his supporters are not willing to vote on resolutions offered by enemies of the league. He said two thirds of the senators and not a bare majority should control ratification. This treaty will remain before the senate until definite action is taken upon it Hitchcock said. "We are not willing to have it smothered by a bare majority who have agreed upon reservations that some oppose."

N. D. Governor Calls Conference

(By United Press)

Bismarck, N. D., Nov. 3.—Governor Fraser today called a conference of North Dakota coal operators for tomorrow afternoon to discuss his proposal that the state operate the mines during the nation wide coal strike.

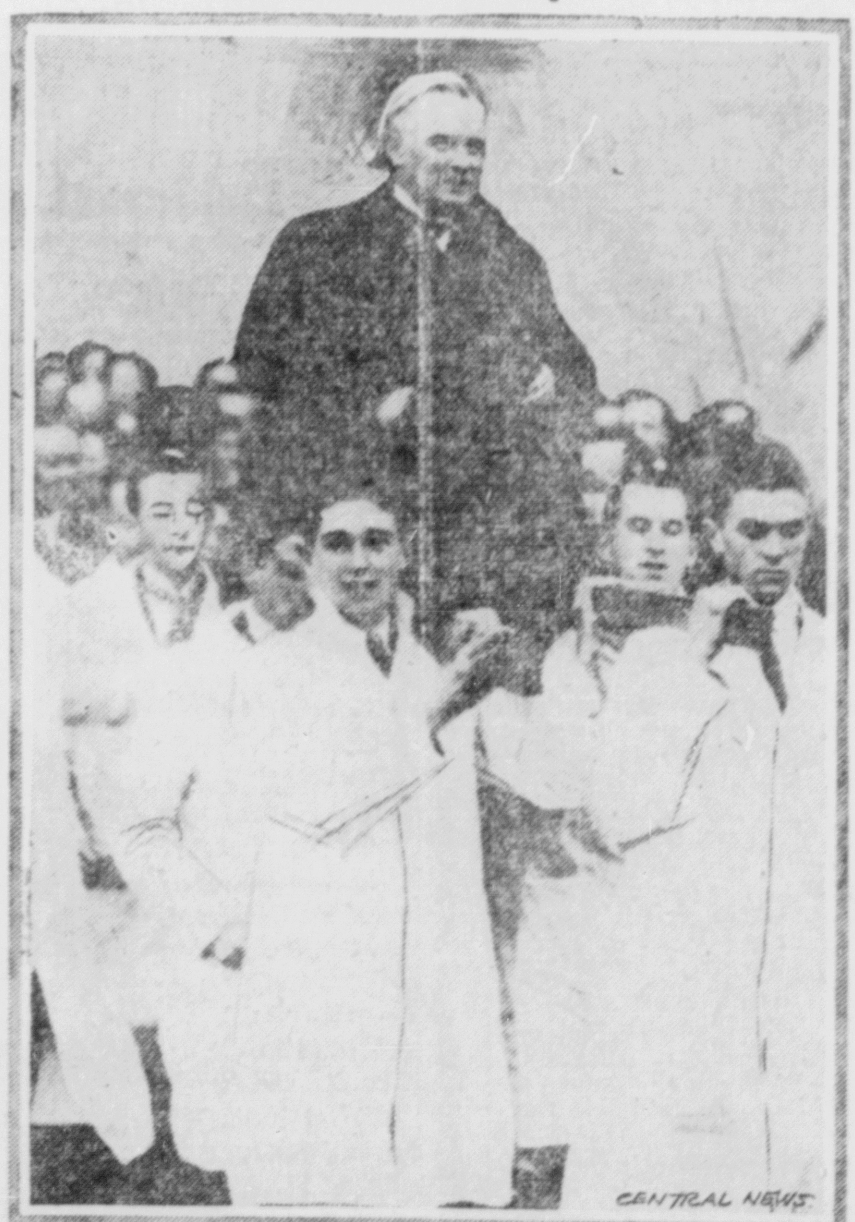

It is understood miners of the state will join the strike unless their demands are met as a result of this conference.

Gov. Fraser continued the conference today with District President Henry Drennan of the United Mine Workers. Drennan had ordered all North Dakota miners to remain at work pending negotiations.

E. C. Ford, attorney general, of Montana today appealed to Drennan by wire to attempt to keep Montana miners at work under the same conditions as the North Dakota miners.

Drennan answered that conditions are different in North Dakota. Ford is expected to arrive in Bismarck tomorrow to confer with Drennan.

Sheffield Students Carrying Lloyd George Around the Campus

Sheffield College students gave Premier Lloyd George a rousing reception when he went there recently to receive the honorary degree of law. They met him at the railway station with a band and cheered as they carried him around the college quadrangle seated on a chair which they bore on their shoulders.

THE STORE OF QUALITY

Ancient Honduran City.

Copan is an ancient ruined city of northwestern Honduras, on the Copan river. The remains are of unknown antiquity and very extensive, stretching for about two miles along the river. The buildings are of stone, embracing a temple over 600 feet long, with many sculptured figures. The Copan ruins take their name from a modern town to the east of them. This was an Indian stronghold, and was taken after a fierce struggle by the Spaniards under Hernando de Chaves in 1530.

"Bosker Time" is Cheerful.

The term a "bosker time," which the Australians use to describe a cheerful levee, comes home to its birthplace, little altered. "Bosky," with a similar meaning, was an English colloquialism in the eighteenth century. And "bosky" is still current slang with us, but implying too generous use of the wine cup. There is one phrase in the book of slang which is decidedly pleasing, "Australian grip." It stands for that best of greetings, the honest, hearty hand shake.—London Chronicle.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Honor and Respect
At all times we are diligent and make constant effort to use our experience and knowledge in the manner that will bring honor and respect to our name
D. E. WHITNEY
DIRECTOR OF FUNERALS
720 FRONT ST.
BRAINERD, MINN.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

WOMAN'S REALM

WOMEN ELECT THEIR OFFICERS

Mass Meeting on Saturday Afternoon at Chamber of Commerce Was Well Attended

SUBJECTS VOTERS CONSIDER

League of Women Voters is Really a Federation of Women's Organizations

At the women's meeting in the Chamber of Commerce on Saturday, the constitution and by-laws prepared by the committee, consisting of Mesdames Cobb, Rasch and Knapp, were accepted and the following officers were elected: Mrs. W. C. Rasch, president; Mrs. Will Bane, vice-president; Mrs. F. M. Kelley, secretary and treasurer.

As there was some objection made to changing the name of this organization, that matter was left over until the next meeting for discussion. The high school orchestra played two very pleasing numbers, and Mrs. J. H. Krekelberg gave a vocal number that was genuinely enjoyed. Little Miss Helen Marie Stadlbauer gave a recitation that showed both training and ability.

Mrs. W. C. Cobb explained that the League of Women Voters was not a woman's party, and was not affiliated with any political party, but was simply an organization to hold the women together to work with the ballot for the same things that the club women have been working for so many years without any direct means of securing. Most of these things all of the women affiliated with the Women's Council of Defense became familiar with during the war. They are: Child Welfare, Food Supply and Demand, Social Hygiene, Protection of Women in Industry, Unification of Laws concerning the Civil Status of Women, Improvement in Election Laws and Methods, American Citizenship and Research.

Each of these subjects will be in charge of a national committee with experts for chairmen, and the chairmen of the forty-eight state committees will also be women well qualified for the job. The state committee will ask for legislation but all these requests will go to the national committee which will sift out certain measures that in its judgment will be easiest to secure. These, perhaps ten out of a hundred, will be presented to the general convention of the league to be held in Chicago in February. This convention will complete the sifting process and decide what it will go after in the form of national or state legislation.

It will then be the business of all women affiliated with the league to do whatever they can to influence legislators or congressmen to vote for these measures.

The League of Women Voters is really a federation of all women's organizations. It includes church societies, lodges, business and professional women's organizations, any collection of women anywhere that is interested in making this country a better place in which to live and a safer place in which to bring up children.

Hallowe'en Party

A Hallowe'en party and dance was given by Mr. and Mrs. Clarence Chapman at their home in West Brainerd, about twenty people being present and all enjoying a very pleasant evening. Quadrilles and many old-time dances were on the program.

Duck Dinner

Mr. and Mrs. Henry Rosko entertained a number of friends at a duck dinner. Hallowe'en decorations graced the table and dining room.

W. C. T. U.

The Woman's Christian Temperance Union will hold its annual meeting on Tuesday afternoon at 3 o'clock at the Y. M. C. A. rooms.

Catarrhal Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. P. J. Cheney & Co., Toledo, O.

OVER 300 AT SUPPER

Ladies' Aid of Bethlehem Lutheran Church of South Seventh Street Very Successful

The supper served by the Ladies' Aid of Bethlehem Lutheran church of South Seventh street on Saturday evening, attracted over 300 people to the church, where a most satisfying meal was served. Over \$200 was cleared.

The girls' club had a sale of fancy work which also met with well merited patronage.

The supper bill carried meat balls, salad, pickles, mashed potatoes, cake, coffee, cream, etc. Special attention was paid to business men and clerks, so they were able to quickly return to work.

CONCORDIA SOCIETY

To be Entertained by Oscar Saltee This Evening--Program in Detail

The Concordia Young Peoples society of the Bethlehem Lutheran church will meet tonight at the church at 8:15 sharp. The society will be entertained by Oscar Saltee and lunch will be served. All are cordially invited to attend. The following program will be given:

Vocal solo.....Mrs. Ben Anderson
Violin solo.....Alice Johnstone
Whistling solo.....Severn Swanson
Vocal Trio.....Ruth Anderson
Elsie Schwabe, Christine Olson
Violin solo.....Dave Finne
Vocal solo.....William Anderson

Were Hearty Eaters.

Many great musical composers had exceptionally large appetites. When Handel dined alone at a restaurant he usually took the precaution of ordering a meal for three. Haydn, yet more voracious, was known to consume a meal that would have satisfied five ordinary appetites.

+ Wounded Twice While +
+ in "Battalion of Death" +

Few women had more thrilling war experiences than Mrs. Agnes Meneff, a pretty young Russian woman who arrived recently in this country to join her husband, an American artillery officer, at her home in Covington, Ky. Her maiden name was Agnes Roskovska. While serving with the famous "Battalion of Death" she was wounded twice in action and was decorated by the czar. She was a prisoner in Germany for six months but escaped. She met the officer who became her husband while she was doing war duty abroad.

Here is a Book YOU Should Have

It has a most significant title: "What to Look For in Buying a Phonograph."

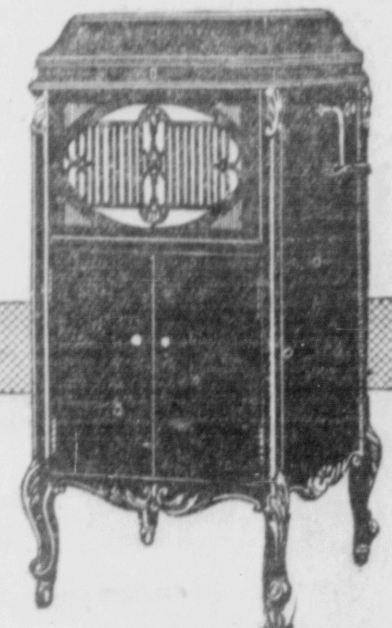

Its pages outline the vital points to be taken into consideration before purchasing a phonograph.

Its language is simple. Its message instructive. It was written by Henry Purmort Eames, L. L. B., Concert Pianist and Lecturer, Director of Pianoforte Dept. Cosmopolitan School of Music. Wouldn't you like a free copy?

The Brunswick Phonograph—which plays the records of all makes—invites the most rigid application of the tests Mr. Eames says should govern phonograph purchases.

Come in for the booklet today.

CLARK'S

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

TO SAVE WHAT HE HASN'T

The best way to save what a man has is probably through the savings bank; the best way to save what he hasn't is undoubtedly through life insurance.

Freak Clause in Will of Millionaire

(By United Press)

New York, Nov. 3.—"Wanted, a young lady twenty years old, marriageable and daughter of the common people, whose character and family virtues make her deserving of the annual interest on \$10,000."

This is one of the proposals of an unusual will offered for probate here today. The only other proposal for that young lady is that she should reside in Providence, R. I. Nothing was mentioned about beauty.

The will is that of Count Paul Bonaparte of Turin, Italy, who died several times a millionaire last March. In the course of his diplomatic career he met and married Miss Carrie M. Brown of Providence, whose family founded the Brown University. It is left to the duty of the judges what young lady in that community best deserves that interest.

New Shoe Machine.

For shoe manufacturers a machine has been invented to lace the sides of the tops of shoes together so that they can be drawn tightly over the lasts.

A Message for the Middle-Aged

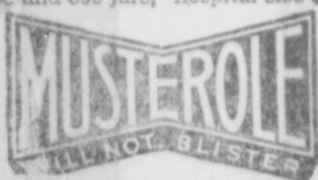

Foley Kidney Pills give quick relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. Don't suffer when relief can be had. Get rid of backache, ignorance, rheumatic pains, and stiff joints. H. P. Dunn, mwf

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

WAR RISK LAW IS BEING FIXED OVER

REVISION BILL PROVIDES FOR A NEW SCHEDULE OF PAY FOR DISABILITY.

OTHER CHANGES ARE MADE

Several Alleged Injustices in Old Measure Are Eradicated—Termination Is Set for All Government Family Allotments and Allowances.

By JAMES P. HORNADAY.

Washington. — Legislation that is now approaching the final stage makes many important changes in the war risk insurance law. The revision bill, which has passed the house of representatives and is before the senate with a favorable committee recommendation, has the approval of the secretary of the treasury, the cabinet officer who administers the war risk law. The new schedule of pay for disability incurred in the recent war is as follows: Total permanent disability, \$100 a month; total temporary disability if the soldier has neither wife nor child living, \$80 a month; if he has a wife but no child living, \$90 a month; if he has a wife and one child living, \$95 a month; if he has a wife and two children living, \$100 a month, and if he has no wife but one child, \$90 a month; for each additional child where there is no wife living, \$5 a month; if he has a mother or father, or both dependent on him for support, \$10 a month in addition.

The new legislation says specifically what a man who served in the war shall receive for a certain disability. Under the existing law it has not always been easy for the war risk bureau to determine the amount of benefit a soldier should receive. The new legislation provides that if the medical examination shows that a beneficiary under the law is only 50 per cent disabled, he is to receive one half the amount set out in the schedule. Thus, for instance, the legislation says that a man who has totally lost his hearing is only 50 per cent disabled and may earn 50 per cent of his own living. Accordingly he and his family would only receive 50 per cent of the compensation allotment for total disability.

Removes an Injustice.

The pending bill also moves to eradicate an alleged injustice caused by the law's former definition of parents. The new proposal is to include in the definition of "father" and "mother," stepfathers, stepmothers, fathers and mothers through adoption, and persons who have stood in relation to former soldiers and sailors as parents for a period of more than one year. This change is made to benefit hundreds of persons throughout the country, who, having brought up adopted sons or stepsons or children without legal process, could not receive the benefits of the old law because they did not come within the definition of "father" and "mother." The new provision is made retroactive from October 6, 1917.

The cases of hundreds of men who after being inducted into the military service, but before they were actually sworn in and before they had a chance to apply for insurance, are to be taken care of in the new bill. While the new bill declares that a person is not in the active service until he has accepted and enrolled, two provisions are made that cover most of the above cases. One provision is that if a man is killed or injured in line of duty, after induction, but before final acceptance, he is eligible to the benefits of the act; the second provides that a man who applied for insurance after being inducted and before being finally accepted, shall be eligible to benefits under the law.

To End Family Allotments.

Two sections of the pending bill would cut off all government family allotments and allowances at the end of the fourth calendar month after the present emergency, as declared by the president; and thereafter the only allotments to be made soldiers' families will be those voluntarily made by the men themselves. This will mean the

Miss Thaw Will Wed
Flier Who Escaped When
Her Cousin Was Killed

Another war romance is revealed in the announcement of the engagement of Miss Katherine B. Thaw to Cord Meyer, both of New York. She was active in war work in Paris while her cousin, Lieut. Alexander Blair Thaw, was flying with the Second U. S. Air Force. He was killed last year in France while flying with Mr. Meyer then a lieutenant. Lieutenant Thaw was instantly killed when their machine fell because of engine trouble and Lieut. Meyer was injured.

elimination of a great lump from Uncle Sam's budget, four months after the declaration of peace, for although the payments are now being cut down owing to the decreased army they are still up in the millions.

An extra allowance of \$20 a month is made in the bill for a person so disabled as to be in need of an attendant or nurse constantly. The bill also provides for ample medical and hospital services for disabled veterans and also for such supplies as artificial limbs, trusses and similar appliances. Arrangement is made under the bill for exchanges of hospital service with foreign nations. The class of beneficiaries of the term insurance which the men are now permitted to take out is enlarged in the bill to include uncles, aunts, nephews, nieces, brothers-in-law and sisters-in-law of the insured.

If a person entitled to insurance should die before receiving all the 240 monthly payments provided for in the existing law, the remaining payments would go to such persons within the permitted classes of beneficiaries as would be entitled, under state law, to the property of the original beneficiary in case of his intestacy.

Lines of the Field.

The "lines of the field," so often mentioned in the Bible, are thought to be the red and purple, particularly the red anemones with black centers. These anemones grow among the thorn hedges of the East, which accounts for the saying, "lilies among thorns."

Good Test.

Mrs. Lovejoy—"Did the war benefit your husband any, Mrs. Newbrade?" Mrs. Newbrade—"Oh, yes. After his life in the trenches he says he can stand housecleaning every week."

Easier Now Than Later

It is easier to break up a cold or check a cough now than it will be later. Persistent coughs that "hang on" at winter pay the way for serious throat and lung diseases. L. W. Day, 65 Campbell Av., E., Detroit, Mich., writes: "Foley Honey and Tar relieves one of bronchitis very quickly." H. P. Dunn, mwf

OLD PAPERS—5c PER COPY

AMUSEMENTS

"KISS ME AGAIN"

Frederick V. Bowers' Vehicle for Amusement Did Not Attract a Large House Friday

Frederick V. Bowers' vehicle for amusement designated "Kiss Me Again" did not draw a large house owing to many counter attractions, and the show was not able to rouse much enthusiasm from its audience at the new Park theatre.

As to a plot, there was little or nothing. The story of any musical comedy should have some life to it and some little coherence, otherwise the whole thing resolves itself into a mere display of girls and lingerie. Some of the songs were tuneful, and others were flat.

Mr. Bowers is the first road show owner to refuse a 4 minute talker on the Red Cross between acts. Instead of that he was willing to plump himself on the audience and hold forth for ten minutes on his show and himself.

The chorus, as a whole, was one more noted for advanced age than pulchritude. Some of the supposed fancy dancing by a pair was more suggestive than athletic or diverting.

However, there are bright spots in "Kiss Me Again," and with somebody to hammer some new jokes into the layout, it may sledge along better. Jokes about July 1 are dead ones unless there is some real wit connected with the dry situation. In fact the dry situation is so dry it's no joke.

"Yankee Doodle in Berlin"

At last this city is to have an opportunity to see the greatest novelty of the century in motion picture. After having created more talk than any entertainment growing out of the movies and having enjoyed runs of many weeks in New York and Chicago, "Yankee Doodle in Berlin" and the Original Sennett Bathing Beauties in person are to be seen here. Manager Workman of the New Park theatre has succeeded in persuading Linick-Jacoby Enterprises, under whose banner the film and the young women are traveling, to include his theatre in the short tour being made following the New York and Chicago engagements. They will be at the New Park theatre next Thursday, Nov. 6, for an engagement of three

Ethel Langman with Mack Sennett's Bathing Beauties, New Park Theatre Wed., Nov. 6th

performances, 2:30, 7:00 and 9:00 P. M.

Every one, of course, has seen them on the screen wishes to see them in person. It was because he realized this perfectly natural desire existed, Mr. Sennett decided to allow them to leave his studio for a short tour with his five part comedy, "Yankee Doodle in Berlin."

The twin attraction may be said to mark another milestone in the development of motion picture entertainment, for while there have been "personal appearances" before, never has there been an elaborate display of beach costuming such as is made in this offering and assuredly there never has been a comedy like this one.

They Get Action at Once

Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. Mrs. O. J. Ellis, 505 8th Av., Sioux Falls, S. D., writes: "I suffered with kidney trouble; used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well." H. P. Dunn, mwf

ANNUAL RED CROSS ROLL CALL OPENED

Different Wards of the City Have
Been Re-organized for Canvass
by Mrs. E. J. Quinn

THE RED CROSS RESERVES

Strong Sermons Preached on Red
Cross Work—Theatres are Co-
operating Heartily

The annual Red Cross Roll Call opened today with keen enthusiasm on the part of workers and the public in a receptive mood, anxious to aid and co-operate in the work of the "Greatest Mother in the World."

When it is realized that fifty percent of every membership remains at home for community work and that the peace program of the Red Cross is practical, important and imperative to the health and happiness of the community as well as for the benefit of those who served the nation in the world war, their relatives and those dependent upon them, the response in this roll call should be prompt, liberal and 100 per cent in this county.

Wards Re-organized

The different wards of the city have been reorganized for the work by Mrs. E. J. Quinn, who is in charge of the women who are taking an active part in this great work.

Mrs. Quinn has put in many busy hours in this work, with the result that the famous Red Cross Reserves, whose work during the war received so much favorable comment, have been re-organized on a working basis, the down-town district as well as resident part of the city blocked and all is in readiness for systematic work in this or other lines of practical community endeavor.

Harold Jones has donated the use of his car for Mrs. Quinn in organizing the different wards and others seem willing and even eager to assist.

The Reserves

Following is a list of the Red Cross Reserves, as re-organized by Mrs. Quinn:

Resident District

These different chairmen have a corps of workers under them in their respective wards:

Mrs. J. Drexler, Mrs. W. J. Kunitz, Mrs. H. Krause, Mrs. Wm. Betts, Mrs. W. E. Rasch, Mrs. J. M. Kelley, Miss Irene English, Mrs. D. M. Clark, Mrs. Smiley, Mrs. Ben Armstrong, Mrs. E. S. Whitlock, Mrs. W. A. Spencer.

Down Town District

Mrs. W. A. Erickson, Mrs. C. G. Nordin, Mrs. Alice Smith, Mrs. Carmichael, Miss McKinley, Miss Mahlum, Mrs. Fred T. Lincoln, Mrs. Ed Orth, Mrs. Moerke, Mrs. Wm. Cleary, Mrs. D. E. Whitney, Mrs. Weber, Miss Norma Brady, Mrs. Butler, Mrs. W. H. Crowell, Mrs. A. J. Ellison, Mrs. Joseph Golemboske.

L. J. Hathaway will speak for four minutes at the Best Theatre this evening. Manager Frank S. Workman having kindly volunteered to co-operate in the drive. Other speakers will be available during the week. Strong sermons in support of the Red Cross Roll Call were preached in nearly every church Sunday.

MISS IRENE DUNN

St. Cloud Girl is Furnishing Very Good Matter on the Pan Motor Co. Trial in Chicago

The St. Cloud Journal-Press is being supplied with a good account of the Pan Motor Co. trial as it is progressing in Chicago, by Miss Irene Dunn, a St. Cloud girl, who has taken up newspaper work as a hobby and has made a success of it.

Her articles equal the best sent out by the Associated Press and unlike some women writers, she is broad enough to give both sides of the question.

MAUDE S. PHELPS DIED SUDDENLY

Partially Recovering From a Slight
Operation, Peritonitis Intervened
and Caused Death

HAD BEEN SCHOOL TEACHER

Was at Cloquet at the Time of the
Fire and Escaped With Others in
a Freight Train

Death came suddenly to Miss Maude S. Phelps at her home in Brainerd. Partially recovering from a minor operation of several weeks ago, and apparently gaining in health, peritonitis developed. She was taken violently ill Friday and died 12:30 P. M. Sunday.

She had come from Remer where she was employed, to attend the golden wedding of her parents, Mr. and Mrs. E. M. Phelps. She was born near Crow Wing 30 years ago and was a young woman of fine Christian character.

She taught schools in the county for several years and the last five years was employed in office work out of town. She was in Cloquet at the time of the fire catastrophe of last year and escaped with others in a freight train that took them to Duluth. She was a member of the First Methodist church of Brainerd.

The funeral will be held at 3:15 P. M. Wednesday from the First Methodist church, preceded by a short service at the home, 213 North Ninth street, Rev. E. A. Cooke officiating.

The sympathy of the community is extended to the bereaved family.

FRENCH BOY BEFRIENDED

Brainerd Camp of Modern Woodmen
Hears From Lad Given
Aid

About a year ago Modern Woodmen of America members of Brainerd collected a fund to provide support for a French orphan. The money was sent in through an association founded in the United States and the beneficiary selected by the Brainerd council was the son of a French soldier killed in the war.

Early in July, the lad, Ernest Laurent, 141 Route de Chatillon, Seine, Grand Montrouge, addressed a letter to A. L. Hoffman of the committee and the lodge, wherein he thanked all in the name of his little mother and himself, expressing gratitude for the kindness which would never be forgotten.

"I am the youngest of four brothers," he wrote, "and my little mother has been sick all the time since I have had the misfortune to lose my father."

Under date of September he conveyed his thanks for the check sent and he wrote that his mother was much better.

YANKEE BAKERY

Under the Direction of F. R. Ziske
Large Sales of Bread, Buns,
Etc., are Made

The Yankee Bakery conducted by F. R. Ziske in the Ramsford block on South Sixth street, is daily increasing its trade. Toothsome bread, buns, rolls, etc., are baked. In fact the demand for these is so heavy that the bakery has had little time to devote to cakes.

On Friday Mr. Ziske filled a large order for bread received from Little Falls, where he formerly made his home. Other outside business is being worked up.

Forerunners of Sickness

Indigestion and constipation are the forerunners of half the ills of mankind. When food is properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, coated tongue. Foley Cathartic Tablets cleanse the bowels, sweeten the stomach and invigorate the liver. H. P. Dunn, mwt

ENTERTAINMENT FOR RETURNED SOLDIERS

Soldiers, Sailors, Marines, Discharged
or Not Discharged Will be Given
Free Entertainment

AT K. C. HALL EVENING, NOV. 4

Boxing Match, Orchestra Music,
Songs, Lunch With Roast Beef
Sandwiches, Coffee, Etc.

A free entertainment for soldiers, sailors and marines, discharged or not discharged men, will be given them at the K. C. hall on Tuesday evening, 8 o'clock, of November 4. It will start with a jump and every minute is taken up by something worth while and entertaining. The evening is crammed full of interest, including a boxing match between the celebrated Young brothers of Crosby, one from the army and the other a navy champion; music by the Rehl-Witham orchestra; songs, etc., roast beef sandwiches, mashed potatoes, gravy, doughnuts and coffee served by the Salvation Army, followed by Bevo and smokes.

Fat Wood who sang at so many cantonments has been asked to appear on the program and will no doubt accept.

It will be a great night in the annals of service men. Any boy side-stepping this feed, show and program will be missing the time of his life. Nobody is going to preach to you, all you're asked to do is come up and have a good time.

NEW TRAP DRUMMER

Park Theatre Orchestra Permanently
Adds O. Risberg, Fine Musician
of Minneapolis

The Park theatre orchestra is the equal of any in the state, and by many is considered the best. Every member reads at sight. The orchestra recently added O. Risberg, a trap drummer of great experience.

In his work in the comedy "Kiss Me Again," and again in the between acts selections at "Up in Mabel's Room," the work in traps, drums, bells, etc., stamped Mr. Risberg as an artist.

The quartet includes R. H. Rehl, saxophone and clarinet; Julius Witham, violin; Miss Cecil Witham, piano and Mr. Risberg drums.

Applause was frequent Sunday evening, something unusual for a theatre orchestra to gain in Brainerd.

ALONZO M. HENRY

Son of Mr. and Mrs. John Henry of
South Long Lake Died Sunday
Morning at Farm Home

Alonzo M. Henry, age 21, son of Mr. and Mrs. John Henry, died Sunday morning at 8:30 o'clock at the home of his parents in South Long Lake township. He leaves his parents, two sisters Mrs. Delver Peterson of Pillager and Miss Margaret Henry; four brothers, John, Benjamin, Richard and James Henry.

A sister, Miss Ruth Henry, passed away Sept. 22 from the same ailment, lung trouble. The funeral will be held Wednesday noon from the farm home and interment will be in Eye green cemetery. Rev. E. A. Cooke of Brainerd will officiate.

KENTUCKY TOWN HOLDS NEGRO ROUNDUP, DEPORTED

Corbin, Ky., Oct. 31—Following a series of robberies and attacks on white men, a mob here last night rounded up practically all negroes, placed more than 200 on departing trains and forced the remainder to leave on foot.

During the demonstration a large number of shots were fired. One negro was killed, according to reports, and two others wounded. The town is quiet today.

CLINIC HERE NOV. 8, 11 A. M. TO NOON

A clinic will be held at the court house on Saturday, November 8, from 11 to noon, by Dr. Walter L. Mattick, medical superintendent of the Deerwood Sanatorium.

Gertrude Towler
(Dakota County Tribune of
Farmington)

Gertrude Louise Towler was born May 12, 1891, in Castle Rock township, moved with her parents to Farmington in 1909, and graduated from the Farmington high school the same year. She spent one year at the normal and by attending summer school finished the two years advanced normal course in 1916. She then taught rural schools in the vicinity of Farmington, and later taught two years in the city schools of Farmington. She also taught at Heron Lake, Minn., and Menominee, Wis. Two years ago she accepted a fine position at Walla Walla, Wash., but after two months was compelled on account of illness to resign and return home, where she spent the remainder of that year. Last year she was principal of grades in the Lincoln school at Brainerd, Minn. She was under contract to teach in the Cleveland school at St. Paul for the ensuing year, when about five weeks ago she was attacked by the illness that resulted in her death early Saturday morning, Sept. 20, at Still Rock Spa, Waukesha, Wis., where she had gone for special treatment. She united with the Presbyterian church of Farmington when fourteen years of age, and was always a faithful member and earnest worker in the church, Sunday school and Young Peoples' society. She was loved and will be greatly missed by all who knew her at school, in the social circles and the church.

The funeral service was held at the Presbyterian church Tuesday, September 23, at 2 o'clock, Rev. C. P. Bates, the pastor, and Rev. J. F. Van Camp of the Methodist church officiating. The choir consisted of Mrs. H. W. Hosmer, organist, and Mrs. Sylvester Whiteaker. Mrs. Charles Bradford, C. B. Whittier and J. E. Price sang "Over There" and "My Jesus As Thou Wilt."

The floral tributes were numerous and elaborate. Four girls, Pearl Berg, Ruth Empey, Sylvia Hoppe and Helen Feely, who were pupils of Miss Towler when she taught in Farmington acted as flower girls. Edward Feely, Ham Clay, Jr., Rudolph Steiley, Clifford Empey, Henry Olson and Ernest Denning were the bearers. Interment in Castle Rock cemetery.

Georgia Mob Burns Negro at Stake

Accused of Attacking a White Woman
He Was Taken From the
Sheriff and Burned

Macon, Ga., Nov. 3—Paul Jones, negro, accused of attacking a white woman near here late yesterday, was lynched by a mob near the scene of the crime early today.

Approximately one thousand persons compelled Sheriff Hicks and several deputies to surrender the negro. Jones was then taken to the alleged victim and upon identification was burned at the stake.

Swedish Bark Afire is Abandoned

(By United Press)

Halifax, Nov. 3—The Swedish bark, Elba, bound from New Brunswick to Belfast with lumber had to be abandoned. Its launch proceeded with the captain and crew. It was said the Elba was set on fire to prevent danger to navigation.

Closing Out All Millinery

The sale of everything in our millinery section continues. Every hat and all trimmings must be sold as this is the last season that we shall have millinery in our store. Every hat has a special sales ticket showing the sale price. You'll find these hats priced away below value. Do not delay---the sale is on.

H. F. Michael Co.

Mexican General and Band Captured

(By United Press)

Galveston, Texas, Nov. 3—General Tablitz, secretary to Zapata and the present leader of Zapata's forces, and successor to Zapata with all Zapata's troops remaining since taking of Zapata himself, has been captured in the old Spanish mine Huamalti in the state Morelos.

Official advices to the Mexican consular agent here today recounted one of the most sensational surrenders in history of Mexican revolution.

Pay Boost Would Total Millions.

A sum between \$325,000,000 and \$350,000,000 will be necessary if Herr Oscar, Prussian minister of railways, agrees to the advances and bonuses promised the railroad workers by the government. There are at the present time 800,000 railroad officials and workmen, who will average 1,000 marks bonus or advance each, and there will be additional bonuses, including extra pay for night work.

BAD BREATH

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

All string instruments, including the UKELELE AND GUITAR, ETC. THIS IS AN UNUSUAL EVENT AND WHETHER YOU DANCE OR NOT, YOU SHOULD HEAR THE BEAUTIFUL HAWAIIAN MELODIES. Let everybody, old and young, turn out that night and enjoy a real evening of entertainment.

The Ventilation Is Good--The Floor Is the Best in the State.

Admission, Couple \$1. Extra Lady 25c.
Plus War Tax

LABOR NEWS

GOVERNMENT FIGURES
SHOW PAY OF MINERS

(Continued from page 1)

75, which was earned in 73 hours actual working time.

All inside workers, those who work underground, from cagers to loaders to pumpmen and trappers (boys) average in soft coal mines 74.4 cents an hour. Their average workday was 5.3 hours.

They averaged \$49 pay for the fortnight and got in 67 actually worked hours.

Outside workers, such as blacksmiths and engineers, averaged 52.9 cents an hour and worked 7.2 hours a day.

All 40,500 inside and outside get 72.1 cents an hour average and worked 5.5 hours a day during the half month under study. Full time at eight hours would mean average annual pay of \$1,832. At 5.5 hours a day it is \$1,259 a year.

Earnings of anthracite miners ranged higher, contract miners getting 84.2 cents an hour, and they worked 6.6 hours a day.

A more extensive survey covering a full year ending last June showed the average earnings of bituminous mine employees to be 72.3 cents an hour. More than 20 per cent of these, however, drew more than 90 cents an hour. The average worker during this period put in 5.5 hours a day.

Increase in Wages Traced

The bureau likewise traces the increase in earnings of miners, beginning with the settlement of the anthracite strike in 1902. About 75 per cent of the soft coal is mined on the tonnage basis. For the bituminous workers the bureau's figures are based on the rates of pick miners in the Hooking valley district in Ohio, established by the various agreements between the operators' and miners' associations. In 1914 the tonnage wage rates were 25 per cent higher than in 1902. At present they are 68.5 per cent higher than in 1902.

In other words, the bituminous hand (pick) miner in Ohio has had an increase in tonnage wage rate of 34.8 per cent since the start of the European war.

The anthracite contract miner has had an increase of 49.8 per cent in his tonnage rate since 1913.

Incidentally, cost of living has advanced 86 per cent since July, 1914, according to the bureau of labor statistics, and 71 per cent according to the national industrial conference board.

In one table the survey attempts to apportion as between employees and management the immediate responsibility for the short hours actually worked for the three occupations directly concerned in getting out coal, namely, hand miners, machine miners and loaders. In the case of these three occupations the hours of the employees in general are limited by the hours of operation of the mine. In the case of Illinois, where only eight establishments were covered with 1,669 employees, the average full time operation for the half month would be 104 hours, but the mines were operated only 73 hours and the employees actually worked 85 per cent of the time the mines were running. In Indiana the miners operated only 87 per cent of full time and the miners worked 80 per cent of that.

Car Shortage Blamed

Car shortage was chief item of contributing to the short hours. The report of the geological survey for the week ending, Oct. 11, covering 3,109 soft coal mines with a capacity of 10,800,000 tons a week, showed the mines had been operating at 74 per cent of their full time capacity, the highest mark attained during the year. The lost time, or shutdown, amounted to 24 per cent of the full time capacity.

Of this 17 per cent was attributed to car shortage, 3 per cent to mine disability, 2 per cent to sundry causes and 4 per cent to labor shortage and strikes.

In other words, during that week the mining plant of the country, instead of working eight hours a day, worked only three-fourths of the time, or six hours a day. It lost about an hour and 20 minutes from lack of cars, 20 minutes due to breakdowns, lack of orders and other things, and another 20 minutes due to labor shortage and troubles. And of the six hours of operation, the soft coal miners put in between five and five and one-half hours actual work, which it reduced still more.

Tungsten in Portugal.

Tungsten generally is called wolfram in Portugal and is sold by the mines as tungsten trioxide on the basis of its richness in tungstic acid. The production has been from 900 to 1,500 tons a year, as near as can be ascertained.

Who Gets the
Profit from Rents?

The owner, of course, else why should he build? Furnishing homes for others is not philanthropy with the average investor who rightfully expects a profit.

If rent brings profit to a landlord, why not be one yourself? Why not build a home to suit your needs and desires? Then let your rent apply on the purchase.

We can help you select the right design, the most economical materials and a reliable builder. And, if you like, we'll be glad to put you in touch with those who will help you with the finances.
